

# Collaboration Tools for Your Workforce

Logitech, a world leader in products that connect people to the digital experiences they care about, offers a range of brilliantly designed collaboration tools that are so intuitive, people actually love to use them.

Professional webcams, ConferenceCams, and a PTZ Pro Camera that bring true-to-life HD-quality video to collaboration, plus USB headsets and the Speakerphone P710e that deliver enterprise-grade audio with user-centric features.

Logitech helps businesses unleash productivity and collaboration — from the desktop to the conference room — with tools that adapt to the way people work and not the other way around.
